

## Spring is here *and* We Are Back!

Enrolments Now Open - Closing 30 September

Dear Members

It's great to be back and a big thank you, again, to our generous Presenters and Organisers for what we are about to receive! We know some members have been really looking forward to resuming their U3A Adelaide Hills activities. As you will see and for a variety of reasons, not everything in the suspended 2020 Program is being offered next term. The management committee felt it wise to not resume sessions such as card making, bridge and Mah Jong and there are no excursions or trips for the present.

**Covid Safe Plans** for all venues have been completed and all members are requested to play a part. Please [click here](#) for information on **Member's Responsibilities** - all good common sense and a repeat of what we are being told by health professionals every day.

**Enrol** by simply sending an email to [u3a.ahills@gmail.com](mailto:u3a.ahills@gmail.com) even if you were enrolled prior to the program being suspended in March. Also, please look out for any venue changes, as recommencing has necessitated a bit of juggling and re-organisation of some activities.

### Zooming

As you know, some groups and presentations have continued via Zoom and the feedback has been mixed, ranging from "much better than I thought it would be" and "a blessing" to a degree of frustration with the technology. One thing many agreed upon though, we were fortunate to have the technology available and very fortunate to have Presenters and Organisers willing to offer this alternative. *Family History* will be continuing to use Zoom in 4th Term as will *South with Endurance*.

**SEE YOU THERE**

**DID YOU KNOW?**

ZAVIKON ISLAND is home to a bridge that, at only 32 feet in length, is considered the shortest international bridge in the world. It connects a Canadian island with an American island in the middle of the Saint Lawrence River. The boundary agreement that was drafted between Canada and the United States declares that no island can be split into two territories. [Atlas Obscura - Zavikon Island](#)
